

/mnt/c/course_3/CircuitGen
_Generator/src/settings
/Settings.hpp

```
graph TD; A["/mnt/c/course_3/CircuitGen  
_Generator/src/settings  
/Settings.hpp"] --> B[map]; A --> C[memory]; A --> D[string]; A --> E[utility]; A --> F[vector];
```

The diagram illustrates a file path at the top, which then branches out via arrows to five separate boxes below. The boxes are labeled 'map', 'memory', 'string', 'utility', and 'vector' from left to right.

map

memory

string

utility

vector
